2.2 Add Workshop

2.2.1 Text editor missing from description textarea

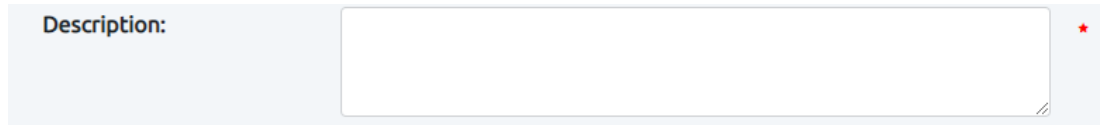

The screenshot shows a form with a label 'Description:' on the left. To its right is a large, empty rectangular text area. A red star icon is visible in the top right corner of the form container.

2.2.2 All titles for all fields are clickable and focus the text field in case of text type and opens dialogue box in case of file types

2.3 Edit Workshop

2.3.1 Text editor missing from description textarea

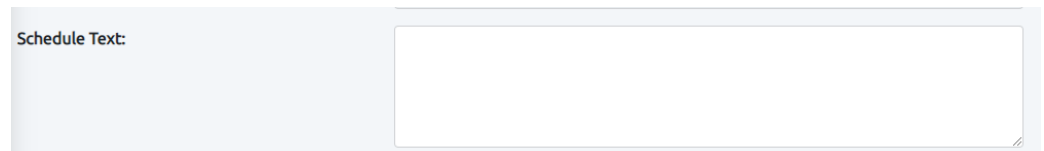

The screenshot shows a form with a label 'Description:' on the left. To its right is a large, empty rectangular text area. A red star icon is visible in the top right corner of the form container.

2.3.2 All titles for all fields are clickable and focus the text field in case of text type and opens dialogue box in case of file types

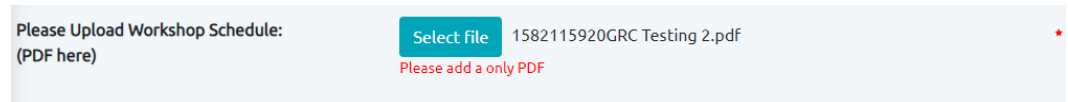

2.3.3 Edit Schedule

2.3.3.1 Text Editor not loading if no schedule file is saved previously

The screenshot shows a form with a label 'Schedule Text:' on the left. To its right is a large, empty rectangular text area. A red star icon is visible in the top right corner of the form container.

2.3.3.2 Fail to update schedule if the schedule file was uploaded previously

The screenshot shows a form with the text 'Please Upload Workshop Schedule: (PDF here)' on the left. To its right is a file upload interface. It includes a blue button labeled 'Select file', followed by the filename '1582115920GRC Testing 2.pdf'. Below the filename, there is a red error message: 'Please add a only PDF'. A red star icon is visible in the top right corner of the form container.

2.3.4 Add / Edit Location

2.3.4.1 Not according to the user requirements
